

COMPASS

Motorhome Collection 2006

Compass 2006 Motorhome Collection

The Compass range of motorhomes is the perfect blend of transport and accommodation rolled into 12 versatile and stunning vehicles.

They are not only attractively priced, but are also hand built in the UK with an outstanding specification - representing quality and value pure and simple.

The entry level Avantgarde, the mid range Calypso and the luxurious Castaway are built on the very popular Peugeot Boxer chassis. With striking exterior graphic designs and vehicle liveries, they not only look good, but they are real performers.

Within the range of Compass motorhomes you will find something for everyone from 2 to 6 berth, short to long wheel base, and entry level to luxury specification and styling.

With new interior upholstery and new layouts, the 2006 range of Compass motorhomes is our best yet.

compass

Compass - What's New for 2006

New Models & Layouts

As well as having an improved specification in 2006 the Avantgarde range has two new models. The first addition is the 170. The first fixed bed motorhome in the Avantgarde range.

Manufactured on a long wheel based Peugeot Boxer chassis, the second addition to the range is the 180. This is a 6-berth motorhome with six seat belts, a side dinette and a spacious wraparound rear lounge area.

The 4-berth Calypso 200 hi-line now has a low profile sister, the 210. Also with a large rear washroom, this is a spacious 2-berth with a relaxing and comfortable L-shaped lounge area.

'So Comfortable Mattress'

Now supplied as standard on all fixed beds in the Castaway range, the Exclusive 'So Comfortable' pocket sprung mattress is a traditional top quality deep sprung system with hundreds of springs encapsulated in individual pockets unsurpassed in the ability to supply all over comfort and support with no roll together.

As it's name suggests, we believe this is the best motorhome mattress in the UK.

Privacy Windows

The new Seitz side and rear privacy windows (excludes washrooms) are exclusive to The Explorer Group in the UK and bring a new level of style to our motorhomes.

Supplied as standard on the Castaway and Calypso ranges, they allow you to see out, but prevent your neighbours from seeing in.

The new windows help to reflect light that damages upholstery and can assist in keeping the interior cooler on the brightest of sunny days. Tests have shown a temperature difference of up to 3°C cooler on the inside of the vehicle than standard windows.

They also provide an added element of security by reducing the ability of would-be thieves from seeing your motorhome contents.

AVANTGARDE

compaco

AVANTGARDE

COMPACO

AVANTGARDE 200

Compass Avantgarde 2006

Avantgarde continues to be one of the best-equipped entry-level coach-built motorhomes on the market today with a huge range of optional extras available to suit every requirement. This very popular UK built motorhome range has been extended to 8 models for 2006 with the addition of the fixed bed 170 and wraparound rear lounge 180.

Inside the living quarters you'll find a host of sophisticated features to increase comfort and enhance user enjoyment, including:

- Directional feature lighting for added ambience when dining or relaxing
- Fully upholstered cab seats
- Sprung upholstery, lined curtains and fitted carpets (loose lay option available).

The new 170 fixed double bed model has a one-piece mattress to ensure maximum comfort and a one-piece metal bed frame with easy lift gas struts. This four-berth motorhome has ample storage space under the bed. It also comes with 2 swivel cab seats at no extra cost.

The second addition to the range is the 180 model. The 180 is manufactured on a long wheel based 2.2ltr Peugeot Boxer chassis and is a six berth motorhome with six seat belts so all passengers can travel in safety and comfort. With a side dinette and a wraparound rear lounge area the whole family will be able to enjoy this new layout.

Avantgarde - Exterior Styling

Built on the Peugeot Boxer 2.0ltr HDi Turbo Diesel chassis, the distinctive shape of the 2006 Avantgarde features blue and green exterior wave graphics by CGI.

A colour coded white front bumper is now standard fit and new for 2006.

Excellent all round visibility and the responsiveness of the smooth 5-speed gearbox makes the Avantgarde a pleasure to drive.

compass

Avantgarde 180

Avantgarde 170

Avantgarde - Interior Living Space

New for 2006 Avantgarde receives a bright new makeover with green and gold check sprung upholstery and bolster cushions complemented by Capiro gold curtains and pelmets giving the interior a modern, inviting and relaxing feel. This is further enhanced by the upholstered curtain tiebacks and coordinating gold and green trimmed scatter cushions.

The new Aswald Ash furnishings, featuring framed Ash furniture doors with gold handles, bring out the true warmth and richness of the beautiful interior design. Whilst large windows, thoughtful layouts and a range of lighting give this ever popular range a unique and spacious appeal.

The cab is packed with features such as fully upholstered cab seats and plenty of handy storage for maps, tour guides and refreshments.

Explorer 2006

Compass Calypso 2006

2006 sees the addition of a new low profile 2-berth motorhome to the Calypso range. Coach built on the Peugeot Boxer 2.2ltr HDi turbo diesel medium wheel base chassis; the Calypso is the next step up from the Avantgarde range with more refinement and equipment as standard.

The 200 hi-line with two double beds and two rear passenger seatbelts accommodates a family of 4 easily and safely in this impressive and spacious motorhome.

The new Calypso 210 has a low profile body and a relaxing L-shaped lounge. This 2-berth is perfect for a couple that enjoy their space and comfort.

Calypso – Exterior Styling

Compass blue and green wave style graphics by CGI give a fresh, vibrant look to this superb mid range motorhome. The overall look of the Calypso combines the size and practicality of the budget Avantgarde with the body styling and form of the premium Castaway.

compass

Calypso - Interior Living Space

The Delta red and gold "Poppy" colour scheme by Leisure Furnishings, perfectly matched with loose lay 'Terracotta' removable carpets, give a real open feel to this attractive motorhome interior.

New furniture in Aswald Ash to all living areas, Burdur laminated, hardwearing worktops, and two-tone gold handles add that extra touch of refinement.

A shapely cocktail cabinet wall unit provides the perfect place for the television opposite the main seating and dining area.

The rear washroom in both the 200 and 210 comes with a separate round shower cubicle, washbasin and Thetford rotatable toilet and Seitz mini Heki skylights (and overcab sleeping area in the 200). The main storage comes in the form of an impressive deep wardrobe with drawers beneath.

compass

The Kitchen

The brushed stainless steel effect to kitchen walls complements the Argent stainless steel linen effect, scratch resistant sink, hob and drainer that come complete with a bespoke, matching silver washing up bowl and Chinchilla glass hob and sink covers that double as chopping boards.

The Midi parchment coloured glass oven and separate grill, combined with the 4-burner hob give you all the space you need for cooking light meals to a full Sunday roast.

Below the raised and easily accessible Dometic RM7271 refrigerator is a convenient and practical bottle store, ideal for larger soft drinks bottles.

Calypso - Improvements for 2006

- New 210 low profile model
- New Seitz S6.4 privacy windows
- New 'Burdur' furniture worktops to match the kitchen work surfaces
- New cab curtains for night-time privacy

Accessories Supplied with the Calypso Range

compass

500

Explorer 2006

Compass Castaway 2006

The luxury Castaway remains one of the most stylish and well-equipped and affordable motorhomes in its class.

The Compass Castaway was designed for the discerning motorhome owner who appreciates distinctive elegance and tasteful styling. Two different layouts are available the 500 (rear storage) and 510 (fixed bed). Both offer an uncompromising and affordable motorhome experience.

The washroom areas are compact yet practical and come equipped with a shower, Thetford rotatable toilet system and washbasin. The 510 features a separate washbasin with vanity mirror.

Castaway – Exterior Styling

Castaway is built on the 2.8-litre HDi Turbo Diesel Boxer chassis from Peugeot for sheer driving pleasure and performance.

The Castaway's sleek lines are accentuated by its' low profile shape. Whilst chrome edged clean blue wave graphics, black coach lines and vehicle name decals to match the new Seitz privacy windows, and smart alloy wheels, define the stylish appearance.

An array of external lockers and roof bars with a lightweight rear ladder provide plenty of storage options for all of your equipment.

The 500 model has a large storage space for bicycles, outdoor furniture or even a lightweight scooter and is situated under the rear double bed. The remote controlled electric rise and fall of the rear bed allows you to have variable heights for storage space on the move or maximum sleeping space on site.

The 510 has a large exterior locker door giving access to the substantial storage space underneath the fixed bed. The single piece bed frame lifts effortlessly on gas struts to give complete access to the space below.

A 'hi-line', optional over cab double bed to the standard layouts transforms the look of this elegant coach built motorhome, turning it into a spacious 6 berth.

Castaway 500

Castaway - Interior Living Space

All layouts provide generous seating and dining areas especially when the front cab seats are turned to face the lounge area.

Castaway has been given a full make over in the striking new Angelino blue upholstery with sumptuous chocolate brown and cream coordinates and 'Cappuccino' loose lay carpets. This interior defines what Compass is all about, superb styling, very practical and excellent value for money.

Aswald Ash veneer furniture gives the interior appearance real warmth and all worktops are finished with Verdigris decorative laminate.

You'll also find easy to use control panels, and stunning directional spotlights to provide you with soft ambient lighting.

New for 2006 is the exclusive 'So Comfortable' pocket sprung mattress to the rear fixed bed in both the 500 and 510. As it's name suggests you are in for an exceptionally good night's sleep.

The Kitchen

The convenient central kitchen comes fully equipped with a linen effect stainless steel 4 burner hob, sink and drainer. Practical and stylish, both have Chinchilla glass work top lids that act as chopping boards.

An illuminated double shelf combination gas oven and grill from Spinflo and a 550w electric microwave provide all the cooking appliances you could ever need.

Practicality also comes in the form of a multi-position table, ideal for evening drinks, games or for occasional use. It can be conveniently stowed away in the wardrobe when not in use.

A large dining table is also provided for meal times. This too stores neatly away in a bespoke cupboard under the kitchen worktop.

Air conditioning is available on all models as an optional extra in lieu of the Omnivent.

Theft Deterrent, Prevention and Security of Your Motorhome

This is taken very seriously with Compass. That is why we have provided a combination of standard features and optional extras designed to deter and prevent thieves from stealing your property. And in the unlikely event that they should succeed, aid the identification and speedy recovery of your investment and assist in the prosecution of the thief.

Microtag©

Supplied as standard with every Compass 2006 season motorhome, MicroTag© is an innovative and technologically advanced property tracing system that can be easily applied to all your valuables. Marking your property with Microdots not only deters theft, but will also help lead to the successful prosecution of the thief and the recovery of your stolen valuables.

In the event of theft or loss the police can locate the MicroDot by using an ultra violet light. The MicroDots are then read using a MicroDot reader, or a conventional microscope.

Each MicroDot is laser etched with a freephone helpline and your own unique number which is registered on the International Security Register which is manned 24 hours a day, 365 days a year.

Minder

Theft of motorhomes is a growing problem. The UK Motorhome Industry and HPI have joined together to create MINDER, a vehicle security system to protect your investment.

All new Compass Motorhomes will carry new identification numbers giving a greater level of security to owners and enabling future buyers to confidently identify the vehicle and check its history. The system is based on HPI's database holding details of over 60 million vehicles registered in the UK.

Each MINDER registered motorhome will carry a unique Motorhome Identification Number (MIN) Vehicle Identification Number (VIN) and registration mark. To ensure accurate identification each motorhome will carry a 'hidden electronic tag and visible etching to identify the vehicle by its MIN number, It will also carry a highly visible sticker to warn off potential thieves.

Peugeot Driving Pleasure

Having gone to great lengths to provide 3 stunning motorhome ranges for maximum touring enjoyment, it was very important to match the styling with superb on the road performance.

The Peugeot HDi engines are a unique combination of power, drivability and economy, which increase efficiency, reduce fuel consumption and cut down pollution. Peugeot have made sure that every element from the dynamic engine and independent front suspension to the ventilated disc brakes, improves road holding. All of which is testament to why Peugeot has a substantial number of motorhome customers.

In addition to an ergonomic dashboard elegantly finished with walnut effect trim (optional on certain models), the gear change is dashboard mounted so nothing obstructs moving from the cab to the living space. And to make things kinder on the driver, Peugeot has provided extra soundproofing and power assisted steering.

There is even a clever dashboard-mounted collapsible clipboard designed to hold a map or written directions to a destination.

Electric windows and central locking come as standard and there is even an in-cab power point. Split-optic electrically heated and powered exterior mirrors provide good vision rearwards too in all weather conditions.

Other benefits include adjustable lumbar support, rake and reach, a seat mounted armrest (that can be height adjusted and folded back) and front door armrests. Driving positions don't come much better than this and you'll appreciate the unobscured vision ahead and to either side.

Peugeot Security

Security on the Peugeot comes in the form of a rolling transponder immobilizer, lockable fuel filler cap to the 80-litre fuel tank and a lockable glove box.

Peugeot 3 Years of Warranty

All Compass motorhomes first registered in the UK benefit from a Peugeot 2-year unlimited mileage manufacturers warranty and a free optional additional 1-year of warranty provided by the Peugeot Dealer Network in the UK. This additional warranty carries a limit of 60,000 miles from first registration and is dependent upon the recommended servicing being carried out at the specified intervals*.

Peugeot Assistance

For the first year of ownership you will automatically receive Peugeot Assistance cover for complete peace of mind. Operated by the RAC, it includes European cover, roadside assistance, vehicle recovery, free replacement car or hotel accommodation and chauffeur provision in case of certain medical disabilities*.

*For full terms and conditions consult your Peugeot Dealer in the UK.
